RESPONSE TO RESTRICTION REQUIREMENT

Sir:

Favorable consideration of this response is respectfully requested.

Applicants appreciatively acknowledge the courtesy of an interview with Examiner Tran on July 14, 2005. During the course of the interview, the Restriction Requirement and this response were discussed.

Applicants respectfully traverse the restriction requirement because the new claims are more specific than the cancelled claims. Although some variations occur (such as removing the compression requirement) that make certain aspects of the claims broader than the original claims, the claims are generally more specific in that they include a table listing (or listings of the contents) and are directly related to user selectable entertainment in an on-board in-flight system.

In the alternative, Applicants respectfully elect group II, claims 23-39.

Consequently, no further issues are believed to be outstanding and this case is ready for examination on the merits. An early and favorable action is respectfully requested.

No fees are believed to be due at this time, however, the Commissioner is hereby authorized to charge any additional fees (or credit any overpayment) associated with this communication and which may be required under 37 CFR §1.16 or § 1.17 to Account No. **50-2603**, referencing Attorney Docket No. **351778.04100**. A copy of this sheet is enclosed.

Dated: _7/19/2005_

Respectfully submitted,
